## NOTICE OF FILING VERBAL DATA REQUEST

To: Docket 01-00050

From: K. David Waddell, Executive Secretary

For the file: SCC Communications Corp. ("SCC") filed an Application for a Certificate of Public Convenience and Necessity on January 15, 2001. On February 22, 2001, SCC followed up the application with projected capital expenditures; however, did not include revenue projections. On September 4, 2001, SCC filed an Amended Application of internal corporate changes stating that on June 4, 2001 SCC had changed its name to Intrado, Inc. ("Intrado"). Separately, Intrado formed a wholly owned subsidiary, Intrado Communications, Inc. ("ICI"). ICI will hold the state certificates of authority to provide telecommunications services. The Staff made a verbal data request to David Huberman, Regulatory Counsel for SCC Communication Corp., (now Intrado, Inc.) on October 8, 2001 for revenue projections not included with their Amended Application for a Certificate of Public Convenience and Necessity as a Competing Telecommunications Provider. In November, Gary A. Klug called the Staff and stated that their Company did not have revenue projections for Intrado, Inc. as we had requested; however, he stated that he would send a letter to the Authority stating the information he did have and request approval without projections.
